Summary

Hello, I'm Adnan Saeed, an aspiring data scientist with a strong foundation in the field. I'm currently pursuing a Bachelor's degree in Artificial Intelligence, which complements my passion for data science.

I'm comfortable working with Python and skilled in extracting valuable information from data using libraries like NumPy and Pandas. NumPy helps me with calculations, while Pandas makes data management easy.

I also use Git and GitHub for organized collaboration. When not immersed in tech, you'll often find me on the badminton court, my place for relaxation and rejuvenation
